POST-OPERATIVE INSTRUCTIONS for TUBE REMOVAL/ MYRINGOPLASTY

- A **TUBE REMOVAL / MYRINGOPLASTY** procedure is not painful. Any post-operative discomfort can be managed with Tylenol.
- Patient can slowly proceed to a **REGULAR DIET** by the day after surgery.
- **KEEP WATER OUT OF THE EARS FOR 2 WEEKS AFTER THE PROCEDURE.** Use a cotton ball with Vaseline in the ear canal to make an earplug when taking a bath.
- IF there is drainage from the ears that does not resolve in 48 hours, please notify our office at **904-880-0911.**
- If an **ANTIBIOTIC OR OTHER MEDICATIONS** are prescribed by your doctor, be sure to take the **entire** course.

IF MEDICATIONS HAVE BEEN CALLED IN TO YOUR PHARMACY, PLEASE PICK THEM UP PRIOR TO SURGERY.

Should you have any additional questions, call us at **904-880-0911.**
